- Go to claude.ai and download the macOS app
- Sign in with your Pro/Max account

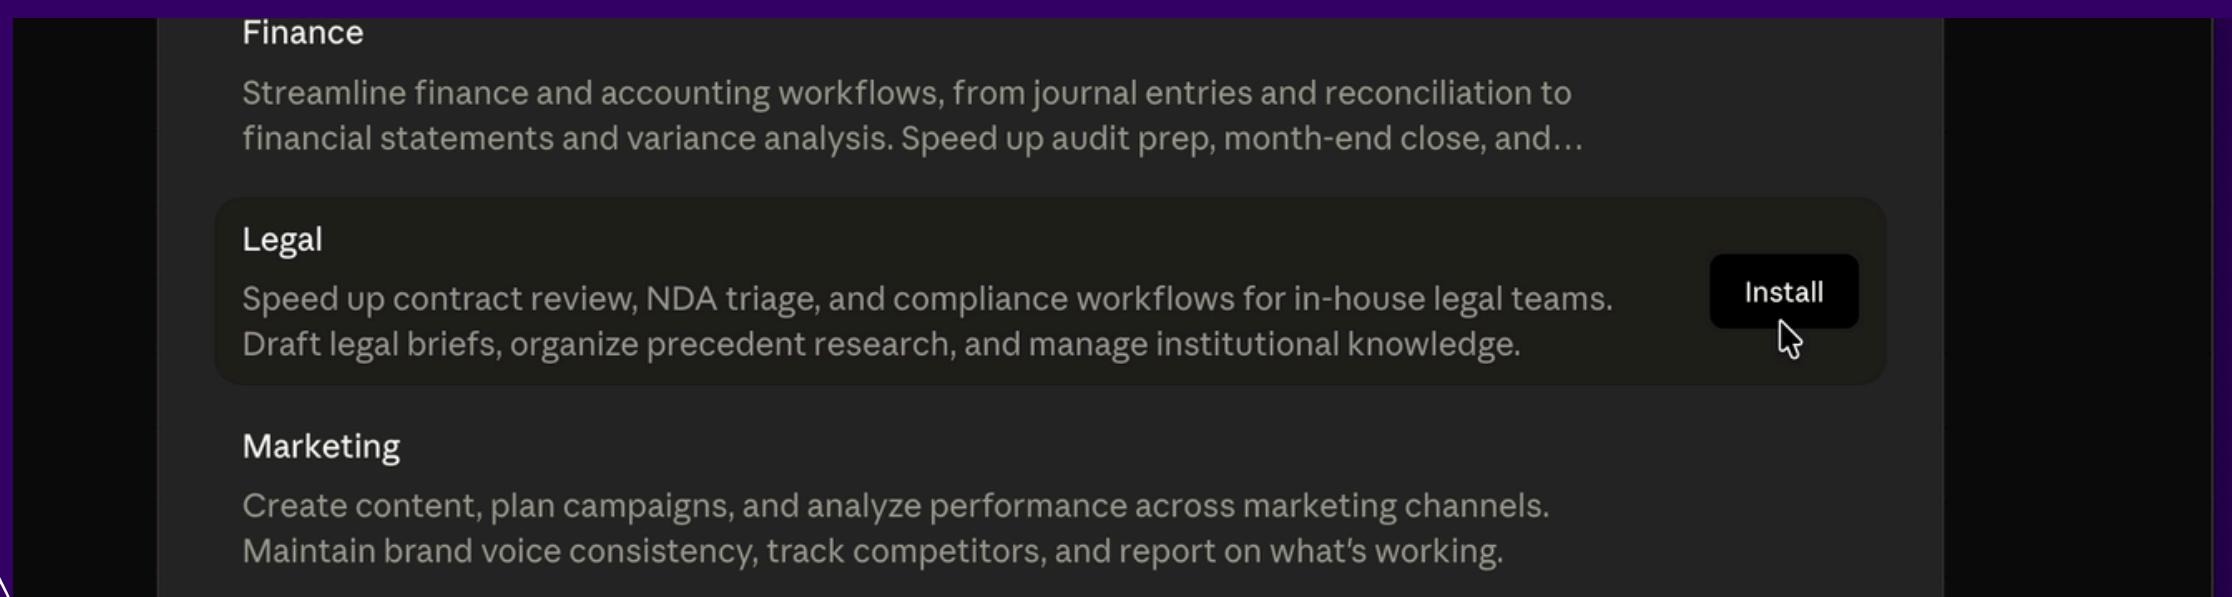

- Open the Cowork tab at the top of the window.

Step 2: Install Plugin

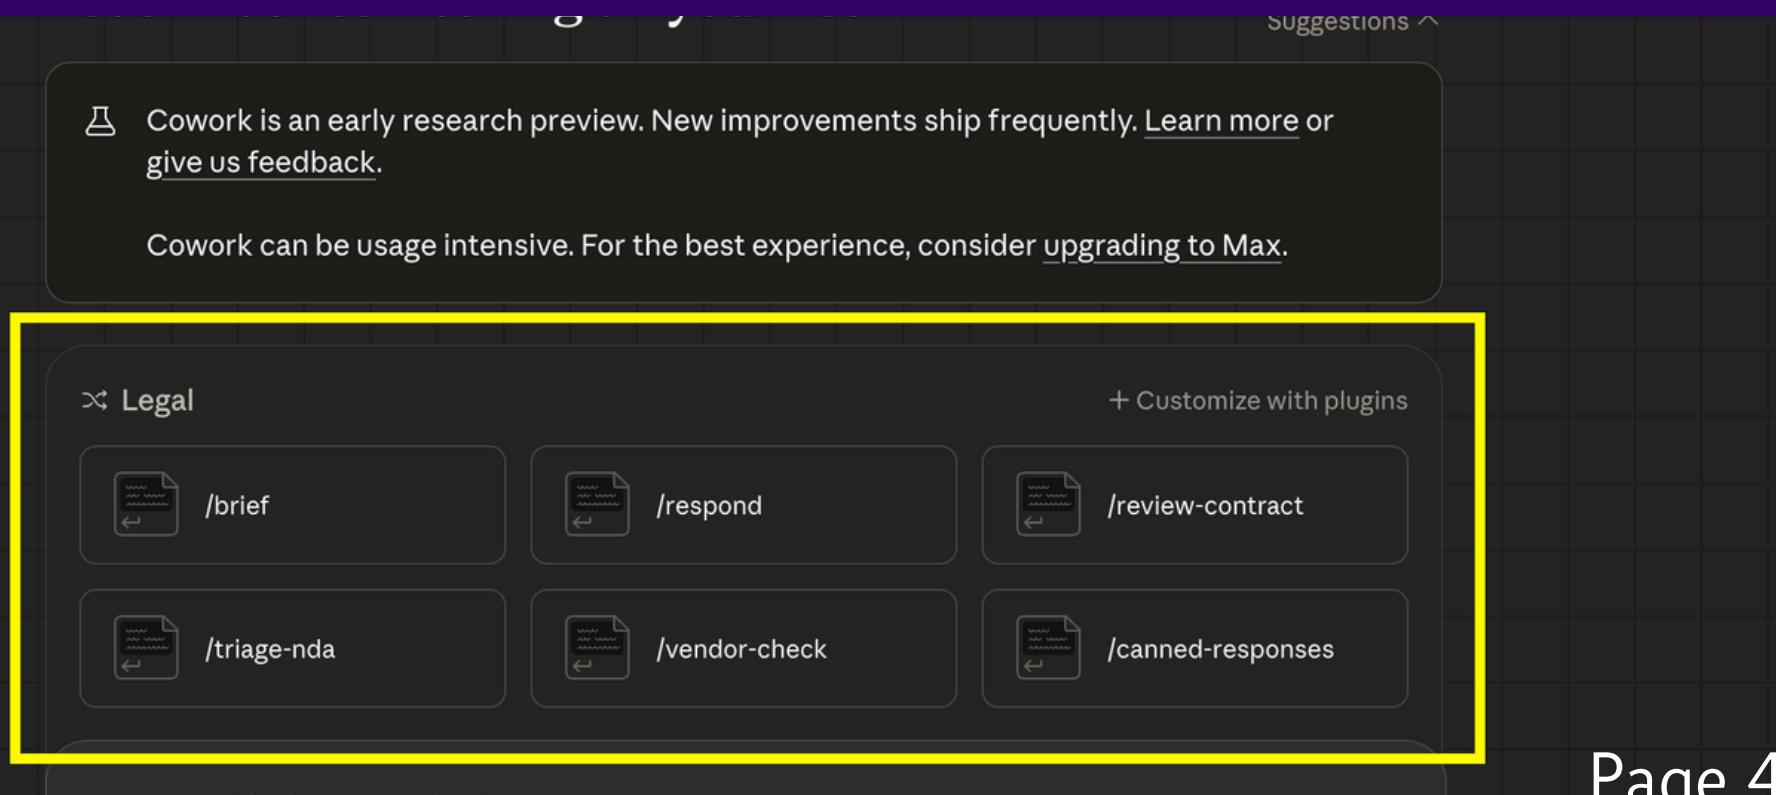

- Click '+ Customize with plugins'

- Find Anthropic's 'Legal' in plugin marketplace and click Install to proceed

- Plugin is now available with legal specific slash commands

Quick Demo: NDA Review

Review VIMA model NDA document

VIMA 2.0 Model Non-Disclosure Agreement (2019 updated).docx

DOCX

/legal:contract-review Review this NDA.

Thought process >

I'll review this NDA using the contract review skill.

Used a skill >

I'll review this NDA against best practices and common organizational positions. Let me start by reading the document.

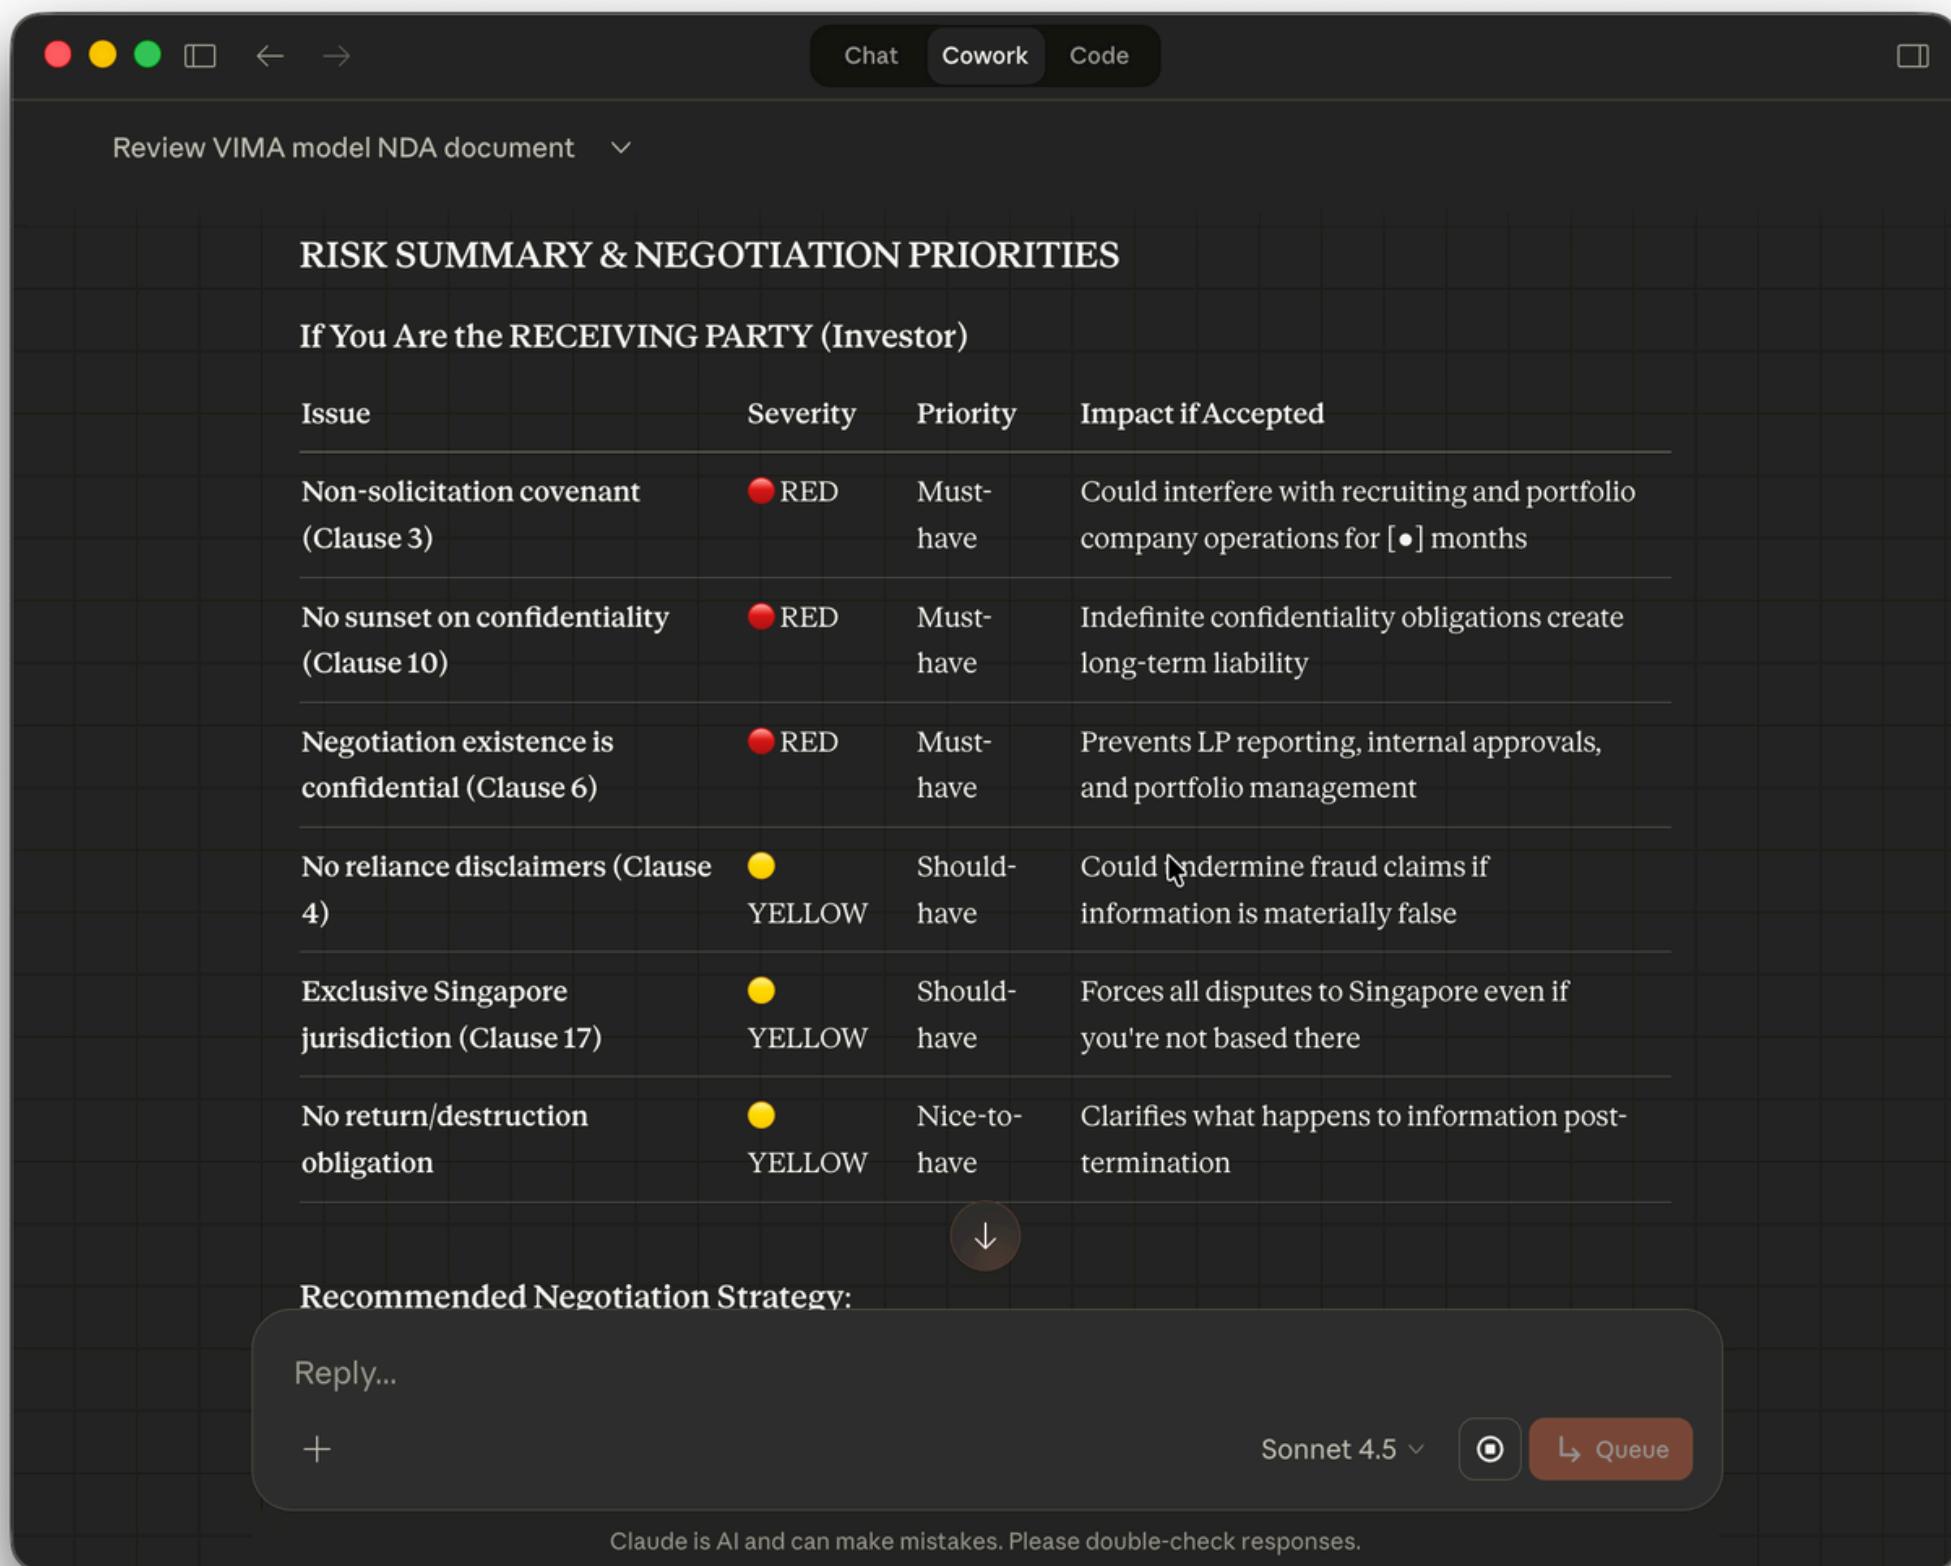

Read a file, ran a command >

Now I'll conduct a comprehensive review of this VIMA 2.0 Model NDA, analyzing it clause-by-clause against best practices and typical organizational positions.

Here's how to do it:

- Upload an NDA to your session
- Type: `/review-contract Review this NDA`
- Click 'Let's Go'

What You Gain

The screenshot shows a dark-themed application window titled "Review VIMA model NDA document". At the top, there are tabs for "Chat", "Cowork", and "Code". The main content area is titled "RISK SUMMARY & NEGOTIATION PRIORITIES" and is specifically for the "RECEIVING PARTY (Investor)". A table lists six issues with their severity (RED or YELLOW), priority (Must-have, Should-have, Nice-to-have), and impact if accepted. A "Recommended Negotiation Strategy" section includes a "Reply..." input field and a "Queue" button. A note at the bottom states: "Claude is AI and can make mistakes. Please double-check responses."

Issue	Severity	Priority	Impact if Accepted
Non-solicitation covenant (Clause 3)	RED	Must-have	Could interfere with recruiting and portfolio company operations for [•] months
No sunset on confidentiality (Clause 10)	RED	Must-have	Indefinite confidentiality obligations create long-term liability
Negotiation existence is confidential (Clause 6)	RED	Must-have	Prevents LP reporting, internal approvals, and portfolio management
No reliance disclaimers (Clause 4)	YELLOW	Should-have	Could undermine fraud claims if information is materially false
Exclusive Singapore jurisdiction (Clause 17)	YELLOW	Should-have	Forces all disputes to Singapore even if you're not based there
No return/destruction obligation	YELLOW	Nice-to-have	Clarifies what happens to information post-termination

Key Features of the Plugin

- Clause-by-clause risk assessment
- Color-coded severity warnings
- Negotiation priorities outlined
- US/EU focused, customizable options

Draft DSAR response for former employee

Verified DSAR response document successfully created >

Perfect! I've successfully created the PDPA DSAR response document for John Tan. Here's what I've done:

DSAR Response Document Created

[View John Tan DSAR Response](#)

The document includes:

1. Alt+Counsel letterhead with logo
2. Recipient details: John Tan (NRIC: S1234567A)
3. Subject: Personal Data Access Request dated 1 February 2026
4. All required PDPA sections:
 - Identity verification confirmation

Alt+Counsel Letterhead

Empowering Legal Teams with Strategic Tech

8 February 2026

Mr John Tan

The Real Power?

Unleashing the potential of customization

You need tailored templates. You need more control over the system. Traditional legal tech platforms provide you with tools to do your work, but it's their platform, not yours.

Anthropic's Legal plugin is open source and the files that run the workflows are in plain text, not code. You can copy them, modify or create what you want, how you want it.

Want to see how? Full guide below.

Streamlining Legal Processes with Technology

Alt+Counsel Letterhead

Empowering Legal Teams with Strategic Tech

Streamlining Legal Processes with Technology

As a corporate counsel who understands the unique challenges faced by solo practitioners and small legal teams, I'm dedicated to helping you leverage technology strategically. My approach focuses on practical, budget-friendly solutions that deliver real results within realistic timelines.

Key Benefits

- Automation: Automate repetitive tasks to free up valuable time.
- Efficiency: Streamline contract processes and other legal workflows.
- Cost-Effective: Utilize budget-friendly tools to maximize your ROI.
- Strategic Growth: Implement tech solutions that support your firm's long-term growth.

Alt+Counsel provides tailored guidance and resources to help you navigate the world of legal technology. We specialize in identifying opportunities for automation, process improvement, and strategic tech adoption within the constraints of a typical corporate environment. Our goal is to empower you to achieve more with less, transforming your legal practice into a tech-savvy and efficient operation.

Draft DSAR response letter

docx skill to read your letterhead and create the response document: initialized docx document processing skill >

I'll create a DSAR Response using your letterhead style. Let me first read your letterhead to understand its formatting:

Read Word document XML structure from letterhead file >

Now I'll create a DSAR Response document using your letterhead style. Let me create it with the proper formatting matching your letterhead:

Created document generation script for data subject access requests >

Perfect! I've created your PDPA DSAR Response document using the style and letterhead from your template. The document includes:

Header:

- Your Alt+Counsel letterhead with logo
- "Empowering Legal Teams with Strategic Tech" tagline

Complete DSAR Response Structure:

- Date and recipient address fields
- Reference number and request date
- Identity verification section
- Personal data categories held (Contact Info, Account Info, Transaction Data, Communication Records)
- Use and Disclosure section (PDPA Section 21 requirement) - detailing purposes and third-party disclosures
- Timeline confirmation
